

## California construction workers are among the highest paid in the nation

By Kevin Smith,

Construction workers in California are among the highest paid in the nation, according to figures from the Bureau of Labor Statistics.

Fixr.com, an online website that provides cost guides, comparisons and other information for people looking to do remodeling or repair projects, crunched the Bureau of Labor Statistics numbers to create a state-by-state ranking of average hourly wages for workers in the industry.

### California ranked 10th highest

California landed 10th on the list of the 10 Highest Wage States, with average hourly earnings of \$21.26. Connecticut and Washington ranked just above California with slightly higher pay, and Hawaii and Illinois were tied for the top slot. Construction workers in both of those states earn an average of \$27.01 an hour.

Like our Facebook page for more conversation and news coverage from the Bay Area and beyond.

Massachusetts, followed with \$25.84 an hour and New Jersey ranked fourth with an average

hourly wage of \$24.05. Construction workers in Arkansas are hurting the most, according to the report, as their average wage is just \$12.38 an hour.

The national average wage for construction workers is \$18.22 an hour, which equates to \$37,897 a year. In California, construction workers earn an average of \$44,221 a year.

### High cost of living

Mike Balsamo, CEO of the Building Industry Association of Southern California, isn't surprised that California ranks near the top. But he said wages can be considerably higher for someone with specific skills and more experience.

"It's common sense that our wages would be on the higher side because our cost of living is higher than most other states in the country," he said. "There's also more demand for construction here. Our housing market is one of the strongest in the U.S. for new home construction. We have high demand and a limited supply, so labor is a real resource."

### SBE OUTREACH SERVICES

With 1.5 million businesses in our database, SBE is California's #1 source for diversity outreach.

All questions or clarifications with respect to the inquiry can be addressed to Kelsey Chiarelli by email at [kchiarelli@bbi.us.com](mailto:kchiarelli@bbi.us.com) or by phone at 720-737-4390.

Proposals must be submitted no later than 1/10/2018 at 4:00 PM PST to [railbids@bbi.us.com](mailto:railbids@bbi.us.com)

## BART Matchmaking Session

**The San Francisco Bay Area Rapid Transit District (BART) invites you to a Matchmaking Session for Contract No. 01RQ-150, Construction of Hayward Maintenance Complex Project – Central Warehouse**

The Session will be held on Tuesday, January 9, 2018, from 3:30 to 6:00 p.m. at the Hayward Yard, 1029 Whipple Road, Hayward, California.

The total estimated cost of the Contract is \$46 Million to \$54 Million. The Contract is subject to BART's Disadvantaged Business Enterprise (DBE) Program. A DBE participation goal of 26% was set for the total Bid price excluding any allowance and option Bid items, if applicable.

The Scope of Work of the Contract includes demolition work, site and civil work, structural, architectural, and mechanical work, electrical and communications work, furnishing and installing industrial equipment, testing and commissioning work, and landscaping work, among others. Relevant Contract documents may be accessed through the procurement site by going to the following link: <https://www.bart.gov/about/business/procurement>. Please pay special attention to the "Invitation to Bid."

For any procurement related inquiry, please contact Mr. Sunni Gunawardena, District's Principal Contract Administrator, at [SGunawa@bart.gov](mailto:SGunawa@bart.gov) or (510) 464-6550. For any questions related to the District's equity programs, please contact Ms. Aileen Hernandez, Senior Contract Compliance Analyst, at [gghernan@bart.gov](mailto:gghernan@bart.gov) or (510) 464-6564.

**To RSVP for the Matchmaking Session and obtain a copy of a "Company Profile form," please contact Lupe Serrano at [lupe@llusterassociates.com](mailto:lupe@llusterassociates.com) or (510) 303-7587.**

# Construction Set for \$40-Million Music Center Plaza Renovation in Los Angeles

The Music Center in Los Angeles is set for a \$40 million renovation to its plaza (rendering - Cumming)

By Greg Aragon,

Construction is set to kick off next month on The Music Center plaza's extensive \$40 million renovation in Downtown Los Angeles. After receiving approval from the Los Angeles County Board of Supervisors on December 19, the 53-year-old plaza is poised for a major transformation into a new, modern outdoor gathering space.

Cumming, an international construction consultancy and project and cost management firm, will oversee all renovation phases on behalf of The Music Center, with Los Angeles-based Rios Clementi Hale Studios leading design, and Matt Construction serving as general contractor.

When completed in the spring of 2019, the current split-level plaza will be transformed into an accessible single level court and feature five new one-story buildings. The new Music Center plaza will include a new full-service restaurant, a wine bar, a coffee house/cafe, a welcome center with valet and security, and permanent restrooms that will replace the temporary facility currently adjacent to The Music Center's Mark Taper Forum.

The 57,350-sq-ft renovation will also include the refurbishment of the central plaza fountain as well as the replacement of the Grand Avenue stairs and nearby escalators for increased visibility and improved pedestrian flow between Grand Avenue and the Plaza level.

Because the facility will remain open to the public during the renovation, the project team will have to carefully organize the construction.

"On a typical day, the Music Center accommodates over half a dozen resident theater and performance groups, actors, employees, performance attendees, private events, and other visitors interested in its architecturally significant buildings," says Jodie Mendelson, project manager at Cumming. "The most interesting challenge we are facing on this project is to maintain a fully operational campus that supports these individuals, while coordinating the dynamic access requirements inherent in a constrained urban construction site."

Mendelson says the owner's representative and contractor have been working closely with the engineering department and other stakeholders to

"ensure not only seamless operations, but a positive visitor experience as well."

During early pre-construction phases, the project team worked with The Music Center to conduct extensive due diligence for the plaza. That intensive effort uncovered the need to increase the construction budget from the original \$30 million estimate to \$40 million to avoid unexpected cost overruns or cuts to the master design. Due to the findings from the detailed initial planning and cost breakdowns, both the County of Los Angeles and The Music Center agreed to increase capital contributions.

"The degree of structural reinforcement of the existing parking structure was unforeseen during the early planning stages," says Mendelson. "Additionally the owner's requirement for vehicle loading on the plaza triggered a more expensive steel paver pedestal system. The team weighed various options for cost cutting such as eliminating some of the pavilions, but revenue opportunities would be lost."

## California construction workers

**Continued from page 1**

Nick Angelopoulos, owner of Nicholas Construction & Development Co. Inc. in La Puente, said he's paying 10 to 20 percent more for subcontractors than he did a few years ago.

"It ranges from \$17 an hour for unskilled laborers up to \$35 an hour for someone who's very skilled at a certain trade," he said. "But we're dealing with a shortage. A lot of big companies can't find enough skilled workers."

### A big piece of the economy

The construction industry is a major contributor to the U.S. economy. With more than 650,000 employers with more than 6 million employees, it generates nearly \$1 trillion worth of structures each year, according to The Associated General Contractors of America. A study performed for AGC by Professor Stephen Fuller of George Mason University found that an extra \$1 billion in nonresidential construction spending adds about \$3.4 billion to the nation's gross domestic product and about \$1.1 billion to personal earnings. It also creates or sustains 28,500 jobs.

Balsamo said more money is being funneled into construction projects these days.

"Over the last four years or so, as the economy has rebounded, we've seen a 20 percent increase in subcontractor pricing," he said, referring to the total amount a subcontractor is paid before dispersing that money among its workers. "Overall, I'd say the industry is healthy. The initial part of the recovery after the recession was limited to coastal areas, but now we've seen improvements in areas like the Inland Empire, Central Valley and Sacramento."

Request for Proposal

**Program Management for the Santa Clara Valley Water District's Pacheco Reservoir Expansion Project**

**Topic:** Program Management for the Santa Clara Valley Water District's Pacheco Reservoir Expansion Project.

**Who:** Santa Clara Valley Water District is the water resource management agency meeting watershed stewardship needs of and providing wholesale water reliability to Santa Clara County's more than 1.9 million residents.

The Santa Clara Valley Water District (District) is soliciting proposals from consultant firms to provide program management services for the District's Pacheco Reservoir Expansion Project. The project is expected to include a new earthen dam, pump station, and conveyance piping. The program manager will provide for management of all District and third-party program activities including: planning, design, and environmental documentation, property acquisition, regulatory permitting, water rights acquisition, and other items as described in the RFP. Program management services will also include technical review of third party deliverables, coordination with various stakeholders, and providing a board of consultant experts.

The full Request for Proposal (RFP) can be viewed at <http://cas.valleywater.org>. Please submit your proposals electronically to the District's Contract Administration System (CAS) by the date and time specified in the RFP Schedule. Prior to submitting proposals, all firms must be registered in CAS. This can be achieved by going to the web address noted above and following the instructions to create an account. When in the creation process, select the expertise code "WT10 - Water Treatment Infrastructure Design and Project Management" and add contact information as necessary.

**Contact:** If you need assistance with creating a CAS account, please call (408) 630-2992, or e-mail questions to [ContractAdministration@valleywater.org](mailto:ContractAdministration@valleywater.org).

In addition to submitting proposals electronically through the District's web portal, hard copies of the proposal must be received by the proposal due date and time specified in the RFP Schedule. Please refer to the RFP for detailed hardcopy delivery instructions.

General questions regarding this solicitation will be accepted by email to Lydia Rossiter at [lrossiter@valleywater.org](mailto:lrossiter@valleywater.org), no later than the date specified in the RFP schedule.

12/2017 BA

**January Outreach**

**A Community Dialogue on Strategies for Addressing Housing and Community Development Needs**

The Citizens' Committee on Community Development cordially invites you to an evening of food and conversation on Tuesday, January 23, 2018 from 5:00 p.m. to 7:00 p.m. at George Washington High School (600 32nd Avenue, San Francisco, CA 94121). We hope you can join us for a discussion of housing and community development needs and to share resources! For more information, please visit <http://sfmohcd.org/community-development> or contact Mike King at (415) 701-4228 or [michael.king@sfgov.org](mailto:michael.king@sfgov.org).

**Count on WIC for Healthy Families**

WIC is a federally funded nutrition program for Women, Infants, and Children. You may qualify if you are pregnant, breastfeeding, or just had a baby; or have a child under age 5; and have a low to medium income; and live in California. Newly pregnant women, migrant workers, and working families are encouraged to apply. WIC provides Nutrition Education and Health information, breastfeeding support, checks for healthy foods (like fruits and vegetables), and referrals to medical providers and community services. You may qualify for WIC if you receive Medi-Cal, CalFresh (Food Stamps), or CalWORKS (TANF) benefits. A family of four can earn up to \$3,747 before tax per month and qualify.

Enroll early! Call today to see if you qualify and to make an appointment. Call City and County of San Francisco WIC Program at 415-575-5788.

This institution is an equal opportunity provider. The Assessment Appeals Board resolves legal and value assessment issues between the Assessor's office and property owners. We have two vacancies on Board 1, which oversees all downtown properties - high rise residential, office, commercial, hotels. Board 1 also oversees all properties over \$50 million in assessed value throughout the City. Assessment appeal hearings are quasi-judicial, conducted in a manner similar to a court setting, with evidence and testimony presented by the parties. The Board then evaluates the evidence and testimony, and renders its decision.

To be eligible for seat appointment, you must have a minimum of five years professional experience in California as either a: (1) public accountant; (2) real estate broker; (3) attorney; or (4) property appraiser accredited by a nationally recognized organization, or certified by either the Office of Real Estate Appraiser or the State Board of Equalization.

For more information regarding the Assessment Appeals Board call (415) 554-6778.

The City and County of San Francisco encourage public outreach. Articles are translated into several languages to provide better public access. The newspaper makes every effort to translate the articles of general interest correctly. No liability is assumed by the City and County of San Francisco or the newspapers for errors and omissions.
