**TERRAL RIVERSERVICE, INC., TALLA BENA FACILITY**  
**DRAFT WATER DISCHARGE PERMIT**

The LDEQ, Office of Environmental Services, is accepting written comments on a draft Louisiana Pollutant Discharge Elimination System (LPDES) permit prepared for Terral RiverService, Inc., Talla Bena Facility, 10100 Highway 65 South, Lake Providence, LA 71254. The facility is located at **Mississippi River Mile 456 in Talla Bena, Madison Parish**. Upon the effective date of the final permit, the LPDES permit shall replace the previously issued LPDES permit.

The principal discharge from this existing source is made into the Mississippi River, waters of the state classified for primary contact recreation, secondary contact recreation, propagation of fish and wildlife. Under SIC Codes 4491, 4499, and 3731, the applicant proposes to discharge dry commodity barge washwater, dock washwater, and stormwater runoff into the Mississippi River from an existing barge cleaning and repair facility.

During the preparation of this permit, it has been determined that the discharge will have no adverse impact on the existing uses of the receiving waterbody. As with any discharge, however, some change in existing water quality may occur.
