OFFICE OF THE GOVERNOR

June 21, 2010

Dear Friends,

On behalf of the citizens of Louisiana, I am pleased to offer my congratulations to the Louisiana Business Journal on its re-launch in the State of Louisiana. Published since 1996, the Louisiana Business Journal has served as an extraordinary resource and voice to small and emerging businesses. I believe that our citizens are best served by the expansion of business development.

It is with great pleasure that I welcome back the Louisiana Business Journal to our state. I believe this publication compliments our goal of creating a more robust economy so that our children and grandchildren do not have to leave our great state to pursue a career.

Thank you for your investment in Louisiana.

Sincerely,

Governor Bobby Jindal
State of Louisiana
