

Celebrating Fourth of July and Juneteenth

By Jeff Thomas

Editor's note: We are publishing this although Juneteenth has passed. Jeff Thomas enlightens by disclosing the unity in both celebrations, a unity that is beyond the months of June and July.

In the United States, two significant holidays reflect the nation's complex and diverse history: Juneteenth and the Fourth of July. While the Fourth of July has been celebrated by many Americans since the country's founding, Juneteenth has only recently gained recognition as a national holiday. Both days are deeply intertwined with the American values of freedom and liberty, and it is important for all Americans, including white Americans, to celebrate and understand the significance of both.

and a half years earlier. This day marks a pivotal moment in American history when the nation took a significant step toward fulfilling its foundational promise of liberty for all.

Fourth of July

The Fourth of July, or Independence Day, is celebrated on July Fourth and marks the adoption of the Declaration of Independence in 1776. It is a day that symbolizes the birth of the United States as an independent nation and the beginning of its journey toward democracy and freedom.

For white Americans, celebrating Juneteenth is an opportunity to acknowledge and honor the contributions and sacrifices of African Americans in the pursuit of equality and justice. It is a time to reflect on the ongoing struggle against racial injustice and to commit to the ideals of liberty and equality that benefit all citizens. By recognizing the significance of Juneteenth, white Americans can show solidarity with their fellow citizens and help foster a more inclusive and understanding society.

Similarly, the Fourth of July is a celebration of independence and the democratic principles

that guide the nation. It is a day for all Americans, regardless of race, to come together and commemorate the country's founding ideals. For white Americans, it is also a chance to appreciate the diverse contributions that have shaped the nation

SBA is creating a space for Woman-Owned Small Businesses, via WOSB certification! Are you a woman owner of a small business? The federal government's goal is to award at least five percent of all federal contracting dollars to woman-owned small businesses each year. Join us for training on how to register for SBA's Woman-Owned Small Business (WOSB) program, which helps eligible small businesses to qualify for federal contracting opportunities. The monthly sessions include an overview of the self-certification process, and a discussion of the NAICS codes that qualify as WOSB or EDWOSB.
