

HOK, Turner Design-Build NYCFC Stadium

By New York City Football Club

Editor's note: We are publishing this news release from April 2023 to provide background information on opportunities advertised below. Turner is soliciting cost proposals from MWBE and local contractors and construction suppliers.

QUEENS, NEW YORK—New York City Football Club (NYCFC) has selected HOK as the architect and Turner Construction Company as the general contractor to design and build New York City's first-ever soccer-specific stadium. The Club is confident that HOK and Turner will successfully deliver the Club's vision for a world-class 25,000-seat stadium that will become a community resource. NYCFC is proud to work with Queens Development Group (QDG) to bring forward a once-in-a-generation project for Willets Point that will include 2,500 units of 100 percent affordable housing, a 650-seat new public school, a hotel, open space, and NYCFC's fully privately financed stadium. Following the Uniform Land Use Review Procedure (ULURP) approval process,

construction on the \$780 million project aims to be completed for the Club to play in its new stadium for the 2027 MLS Season.

Brad Sims, NYCFC CEO, said: "We're extremely excited to announce HOK as the architect and Turner Construction Company as the general contractor for our future home. It is clear that HOK and Turner are the right partners to bring our vision of a world-class stadium that is integrated into the local community. Soccer is known around the globe for its incredible in-stadium atmospheres, and we are committed to delivering a best-in-class experience for our fans in a stadium that reflects the greatest city in the world."

"This project will be transformative for Queens; the World's Borough is the perfect location to build the City's first stadium for the world's game. Stadiums are where people come together, and we share a vision with HOK to ensure our stadium becomes a destination of soccer for our fans while playing an important part in the development of Willets Point. HOK is renowned for designing some of North America's most

successful stadiums, arenas, and entertainment districts, and we are looking forward to working with them as we enter the ULURP approval process. Turner is recognized as a leading builder of stadiums, arenas, and ballparks—including one

SKANSKA

SKANSKA USA CIVIL

IS SOLICITING COST PROPOSALS FROM NEW YORK STATE DBE SUBCONTRACTORS AND VENDORS

Design-Build Services for LIRR West Side Yard Flood Mitigation Measures MTA Construction and Development Contract No. 6401
Bid Date: April 15, 2024

Description of project:
Design, furnish, construct, and install concrete perimeter flood walls, seepage cut-off barriers below the concrete flood walls, flood gates, deployable flood barriers, sump pumps, a tide gate chamber, drainage system improvements, workable aisles and a diesel generator, an automatic transfer switch, ancillary electrical equipment, and required communications.

This project will develop flood protection solutions for the West Side Yard in order to prevent and mitigate flooding of the LIRR Tunnels. The flood protection along the WSY perimeter will be accomplished via a combination of permanent flood walls and deployable flood barriers.

Many bidding opportunities are available: deep foundations, minipiles, jetgrout, sheeting, rebar installation, concrete supply, site work, electrical work, painting, paving, curb and sidewalk, site utilities.

If you are interested in bidding on this project, please contact Skanska's Diversity and Outreach Coordinator: Aislinn.Speranza@skanska.com • EOE/M/F/Vet/Disabled

Federal Contracting: Woman-Owned Small Business (WOSB) Program Webinar
Thursday, April 18, 2024, 10:00 am-11:00 am Online
Main Sponsor(s): US Small Business Administration
Contact: <https://www.eventbrite.com/e/welcome-to-wosb-webinar-tickets-482397041537>
Fee: Free; registration required

Welcome to the WOSB webinar series! Are you a woman owner of a small business? The federal government's goal is to award at least five percent of all federal contracting dollars to woman-owned small businesses each year. Join us for training on how to register for SBA's Woman-Owned Small Business (WOSB) program, which helps eligible small businesses to qualify for federal contracting opportunities. The monthly sessions will include an overview of the self-certification process, as well as a discussion of the NAICS codes that qualify as WOSB or EDWOSB. Register for this free webinar at <https://www.eventbrite.com/e/welcome-to-wosb-webinar-tickets-482397041537>
