

National Minority Supplier Development Council

By NMSDC
 Editor's note: We encourage you to get to know the National Minority Supplier Development Council (NMSDC). Below is content from their website "About" page. Visit <https://nmsdc.org/>
 Founded in 1972, the National Minority Supplier Development Council (NMSDC) is the longest-operating business growth engine for the broadest group of systematically excluded communities of color (Asian-Indian, Asian-Pacific, Black, Hispanic, and Native American), and our impact goes far beyond supply chain. It's about upward mobility for the emerging majority of Americans, an equal shot at participating in the American experiment of free-market capitalism and entrepreneurship. Our work is about correcting the unequal access to wealth-building opportunities.

We create connections between minority business enterprises (MBEs) and corporations, MBEs and the public sector, and MBEs and other MBEs, to help them benefit from each other, stoking entrepreneurship and growing wealth for these systemically excluded communities.

Our Vision
 To be the leading organization for driving socioeconomic equity and generational wealth in communities of color.
 We build capacity and capabilities through our programs and other educational offerings that help close the wealth gap, the key to creating a more united and prosperous society for all.

Our Impact
 For the last fifty years, NMSDC has been advocating access to the American dream for MBEs. Our success is historic and unmatched: over 16,000 MBEs connected to more than 1,700 corporations, resulting in \$482.1 billion in economic output annually, sustaining 1.8 million jobs, with \$136.4 billion in total wages earned. We are the

nation's largest, most impactful, and most successful nonprofit advocacy organization for MBEs, proving growth for MBEs is growth for all.
 • \$482.1 billion total production
 • 1.8 million total jobs supported

New-York Historical Society Project

ATTENTION:
 All NYC and NYS certified MWBE/SDVOB Businesses (including Vendors & Suppliers)

Turner **SAVE THE DATE** Friday, April 19th 11AM - 12PM EST
[Click Scan to register:](#)

Description of Project:
 The New-York Historical Society Project consists of a 65,000 sf, four-story addition and renovation of the existing museum located at 170 Central Park West. The New Wing is being designed and built to complement the existing historic landmarked building. The new building will include galleries, classrooms, a conservation lab, offices and restrooms. The existing building will be renovated to create galleries, restrooms, mechanical spaces and to seamlessly connect to the new structure.

Upcoming Bid Packages:

- Lab Equipment
- Terrazzo
- Paint
- Specialties
- Resilient Flooring
- Resinous Flooring
- Site Work
- Millwork
- Signage
- Ceramic Tile / Stone
- Window Treatments

If you are interested in Turner Construction's Prequalification process and bidding information on this project, please email nyhs@tcco.com.

Turner
 IS SOLICITING COST PROPOSALS FROM NEW YORK CITY CERTIFIED, MWBE and LOCAL CONTRACTORS AND CONSTRUCTION SUPPLIERS. PLEASE NOTE THIS IS A UNION PROJECT.

SKANSKA
 SKANSKA USA CIVIL
 IS SOLICITING COST PROPOSALS FROM NEW YORK STATE DBE SUBCONTRACTORS AND VENDORS
Design-Build Services for LIRR West Side Yard Flood Mitigation Measures MTA Construction and Development Contract No. 6401
 Bid Date: April 15, 2024

Description of project:
 Design, furnish, construct, and install concrete perimeter flood barriers, seepage pump-out barriers below the concrete flood walls, flood gates, deployable flood barriers, sump pumps, a tide gate chamber, drainage system improvements, workable aisles and a diesel generator, an automatic transfer switch, ancillary electrical equipment, and required communications.

This project will develop flood protection solutions for the West Side Yard in order to prevent and mitigate flooding of the LIRR Tunnels. The flood protection along the WSY perimeter will be accomplished via a combination of permanent flood walls and deployable flood barriers.

Many bidding opportunities are available: deep foundations, minipiles, jetgrout, sheeting, rebar installation, concrete supply, site work, electrical work, painting, paving, curb and sidewalk, site utilities.

If you are interested in bidding on this project, please contact Skanska's Diversity and Outreach Coordinator: Aislinn.Speranza@skanska.com • EOE/M/F/Vet/Disabled
